Housing Research & Advocacy Center

Each year, over 33,000 people in Northeast Ohio experience housing discrimination. Since 1983, the Housing Research & Advocacy Center has advocated for equal housing opportunities to create inclusive neighborhoods which encourage respect for diversity, nurture acceptance and understanding, expose residents to different perspectives, and provide access to personal growth and economic opportunities. Our mission is to promote fair housing and diverse communities and to work to eliminate housing discrimination in Northeast Ohio by providing effective research, education, and advocacy. Services are available to all residents of Northeast Ohio. Together we are opening doors to housing choice!
